**KPR MILL LTD: BUY**

### Overview

KPR Mill Ltd has been exhibiting a consistent higher high, higher low price structure, indicating a strong uptrend. After a consolidation phase, the stock has recently given a breakout supported by healthy volume, signalling renewed buying interest. Technically, it is trading above its 50-day Exponential Moving Average (EMA), reinforcing the ongoing bullish momentum. The Relative Strength Index (RSI) stands at 67.3, suggesting strength without being overbought. The breakout from the consolidation zone further validates the potential for continued upward movement. Given these technical indicators, the stock presents a favorable risk-reward setup for a buy position.
